IN MEMORY

STEVE

There are so many things I'd like to say,
 Things about that tragic day,
 But I'd like to remember the Steve we knew.
 Of good aspects you had many, of faults you had few.
 I remember your special sweet smile.
 I remember the friendship we shared a short while.
 Your kind eyes reached out and touched troubled ones.
 You helped others remember laughter and fun.
 Now it is we who can't find your presence.
 This is to help us form a remembrance.
 There's no one in this world to take your place,
 Your beautiful eyes, your smiling face.
 We all have lost a part of our unity.
 You helped our vision; you helped us see.
 This short poem offers you our highest class praise.
 We love you and miss you in our final school days.

HOMECOMING 1987

Homecoming at St. Wendelin has always been a spirit-filled tradition and this year was no exception. Many hours of preparation preceded Homecoming night. The evening began with the SWHS marching band leading a parade through town to Memorial Stadium. The court was met by an eager crowd of students and alumni, anxiously awaiting the announcement of the 1987 Homecoming Queen and King. During a pre-game ceremony, Jenelle Shultz and Matt Baker were crowned as this year's royalty.

ADMINISTRATION

"What am I most proud of? I guess I would say that at the top of the list would be the faculty and staff. I cannot begin to tell you what a wonderful atmosphere they create here at the high school. I have never been in a school where that sense of family is so strong, as well as their sense of love and concern for one another and the young people they teach and serve.

"I would be crazy if I did not say that the students themselves were also at the top of the list. Their accomplishments in the areas of academics and athletics speak for themselves, as well as their continued growth into young adulthood. I am especially proud that I was allowed to play a role in their lives for the past four years.

"Lastly, I am very proud of the parents of our students. Their commitment to St. Wendelin High School and the sacrifice of time and money to send their young people to a school that is based on Christian values and principles is an awesome sign to the young people of the importance of Christ in our world today.

"Our team's spirit had a lot to do with hope. No matter how far down we were, we always had hope for a victory. I remember one game particularly at Seneca East. We went into the game goofing off and got really behind. We started fighting back, point by point, and left victoriously. It seemed like the longest game ever - and the most gratifying." - Jenelle Shultz

"My most embarrassing moment was when I let the ball drop about two feet in bounds, thinking it was out. Once when I went up for a spike instead of hitting the ball towards the floor, I made it hit the opposite wall during a New Riegel match." - Christy Schaik

It was too close for comfort; because the 8-1 Mohawks, a team which originally thought that they didn't make the playoffs, were told that they had by .1295 of a point. This was the fourth time in the sixteen-year history of the system that the Mohawks did get the opportunity to participate in post-season playoffs. Moreover, it was the second year in a row. The opponent was unbeaten Monroeville. With the same school colors, Fremont's Harmon Stadium was a frenzy of black and gold. The game itself was an emotional roller-coaster. Undoubtedly, this was the most exciting one that that

stadium had seen. "Gentlemen, you just saw one excellent football game," Head Coach Gene Peluso offered in

understatement outside his team's locker room. "They played their best, and we played our best. We just came up a little short."

With the successful season the team had, it is not surprising that six players landed on the MAL first team - Chip Holman, Chad Frias, Jon Hay, Brandon Peluso, Matt Baker, and Tony Myers. Chip Holman became the first 1000-yard rusher at SWHS since Dave Reiter accomplished the feat in 1983. With all of this and more, St. Wendelin definitely has something to be proud of.

BOTTOM MIDDLE "Which way do I go?" thinks Chad Frias

BOTTOM RIGHT Coach Peluso and Bob Gase are pondering the situation

"This season football has helped teach me a couple of things. It has taught me how to work together as a team to successfully work to achieve goals. It has also taught me how to grow up and accept my own failures and to work harder toward my goals I have set for the future. Football has also taught me that winning is great; but losing, I feel, is a better experience as to the realities of the real world" - Chad Frias

"Football at SWHS was probably the greatest time of my life. It was very fun and challenging, reaching the goals we had made. I feel we had good coaches to help us, and that is what made us what we were. It has taught me to physically be what I am, and it has also built my confidence greatly. Football was exceptionally fun, and I will miss it next year" - Brandon Peluso

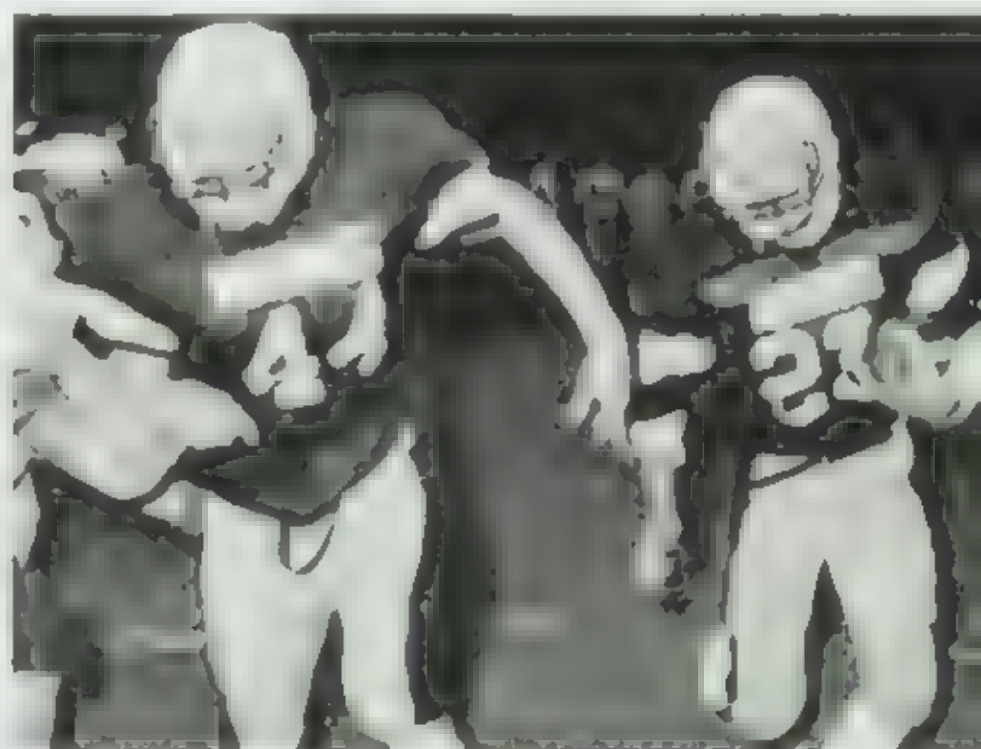

"There were lots of good moments this season. Every time we won a game was a good moment for us. But I would say that the best moment was when we made the playoffs. The day before Coach Peluso said that we were not in. It was a disaster - all of our dreams of state were gone. Then Sunday evening I was called and told that we did make the playoffs, and that had to be the best moment." - Tony Myers

The 1987-88 season for boys' varsity basketball started out with an eleven-point victory over the Lakota Raiders and went on from there with wins over Danbury Lakeside, Seneca East, North Baltimore, Norwalk St. Paul, and Gibsonburg. With an ending record of 7-21, this year's season may not have been one of many victories; but certainly it was one filled with hard work, determination, and a whole lot of spirit and that is just what St. Wendelin is all about!

"It's hard to explain how my friends helped me in wrestling. It's so individual, but I can tell you that without their support, I wouldn't have been able to go as far as I did. I think we taught each other a lot...determination, self-discipline...things you can't study in a book." Jon Hay

VARSITY BASKETBALL - Row 1 Jenny Hoover, Kelly Jurrus, Lisa King, Cathy Snyder, Tina Wely, Manager Kate Gase. Row 2 Jody Oren, Tami Reinhart, Tricia Macias, Amy Boes, and Carol Carp.

The 1987-88 girls' varsity basketball team may not go in the record books for wins, but they may for effort. Even though they had their share of struggles, they still ended the season with a winning record of 11-9. Their biggest upset of the year was the game against Riverdale in double overtime. The Lady Mohawks ended the season with a loss to Hopewell Loudon in sectional play, without the help of injured seniors Tricia Macias and Lisa King.

Even though the team will be losing three seniors, four starters will be returning. Coach Lee and the Lady Mohawks should have some big things in store for the future.

RIGHT: "Calm down! I know what to do with the ball," thinks sophomore Amanda Kitchen.

"It helped to have good friends on the basketball team, because they helped me through the rough times." - Amy Boes

"Playing basketball at SWHS for four years has been very fulfilling. The most important thing I've learned is the need for friends. We learn more about our teammates every time we step onto the court with them. Basketball has been an experience that I wouldn't trade for anything in the world." - Lisa King

It has been said that God answers every prayer. Sometimes the answer is "No." This phrase is as accurate as any to describe the St. Wendelin baseball team in 1988.

Before every game, the team would invariably say a short prayer, an Our Father or Hail Mary, led by the coach, Paul Feasel. More often than not it seemed that the games turned into "character builders." Apparently God thought the team needed more character.

Characters (with an "s") the team, however, did not lack and the atmosphere was generally loose; and anyone was liable to be a victim of something or other. Chris Clouse and Sean Seibert, whose name Mr. Feasel never could spell right ("ie" or "ei"?) certainly headed up the list of characters. God did allow this team a sense of humor.

This is all nice and good; but as the team stayed overnight in a Howard Johnson's in Cincinnati after participating in a four-team tournament at Cincinnati Summit Country

Day School, it became rather a problem. Most of the conservative sleepers did not slumber at all until at least 2:30 a.m.

On the field, senior regulars Chad Frias, Brandon Peluso, John Faber, and Eric Gies played their final year, and had at least decent years personally. Jason Myers and Dan Nedolast had excellent years as underclassmen.

After the final game, God gave the team a crushing "no" in the desire to have assistant coach Charlie Carpenter among us for a tenth year. After coaching in a wheelchair all season, Mr. Carpenter passed away at the conclusion of the season. This was a devastating loss to all of the team; and a good coach, a good baseball man, and a good person will be sorely missed. This was for certain, the biggest "no" God delivered to the team all season, and perhaps the biggest in the history of baseball at St. Wendelin. Goodbye, Charlie. Rest assured you will be missed. - J. Wolfe

The 1988 Softball Team really had to keep on its toes with twenty-three games this season. The Lady Mohawks were really given a tough workout, ending with a 12-11 record. But no matter how tough it got, they gave it their all and worked as a team. Their spirits always remained high, even when the games ended in disappointment. Overall the team as a whole always had their thrills and excitement throughout the season.

The track season started out as any other season in any other sport. Hopes were high, even though the team was small compared to teams from other schools. Pride was present and also some very good people in specialized areas who had state competition potential. The first meet of the year showed very good promise as the boys' team came away with a victory and some very fast times and personal records. Although the girls were defeated that day, a few showed their talents for future meets. The ball was really rolling as both girls and boys were victorious in the second meet of the year. As the season went on, it seemed that everyone peaked too early; the team would have to face up to the defeats and come back trying harder.

There were no team victories after that; but as a team, everyone tried hard to reach individual goals. That is the idea of track in such a small school as St. Wendelin - to set personal records. Walking into the MAL meet, hopes were high for what the day would bring. The team didn't finish first, but many a goal was made that day. This year was meant for individuals; and, as individuals, both girls' and boys' teams succeeded.

In scholastics and athletics you are first rate
Remember your friends and this fine school,
And let your knowledge be your best tool.

For you are truly blest.

Winning

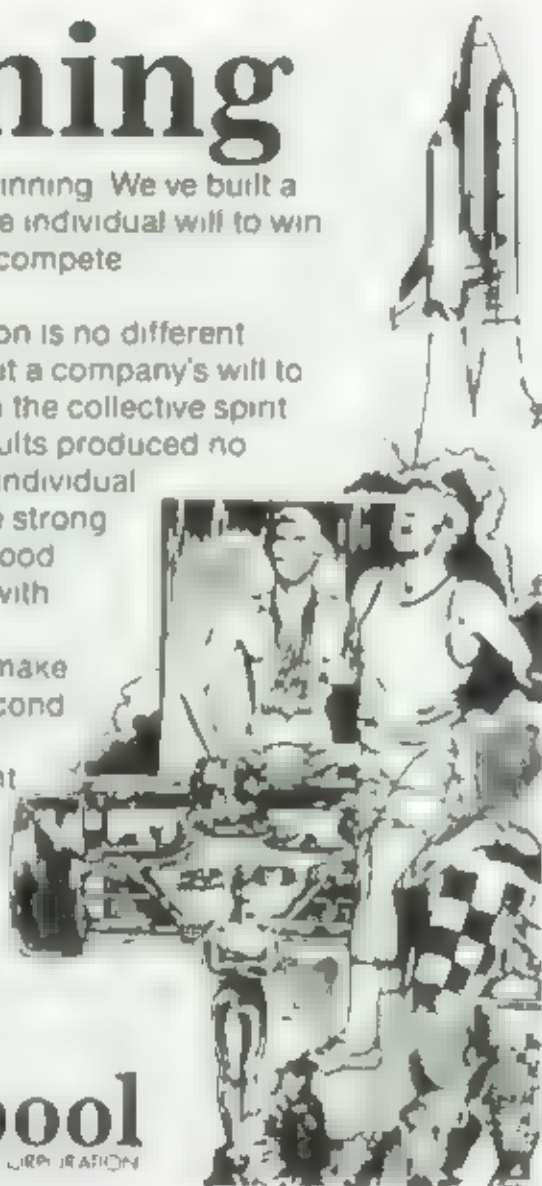

We all understand winning. We've built a great nation around the individual will to win. At work or play, we all compete. We want to win.

Whirlpool Corporation is no different. We compete to win. But a company's will to win is no stronger than the collective spirit of individuals. The results produced no better than combined individual effort. Our will must be strong enough. Our results good enough. To compete with the best.

We will continue to make and sell appliances second to none in quality and value. Because we want to win. And because winners get to keep competing, and losers don't.
